

Youth Ambassadors Deployed to Vanuatu for Field Work and Disaster Preparedness Kit Distribution

From 28 April to 2 May, a GX team, accompanied by three Youth Ambassadors and one intern, distributed Disaster Preparedness Kits to rural communities in Saama village and surrounding areas of Vanuatu.

This marked the first pioneer field deployment for the Youth Ambassadors, providing hands-on experience in humanitarian aid – from preparing relief supplies to directly engaging with vulnerable communities. Through this initiative, they gained practical insight into the realities of international humanitarian work.

During the two-day distribution effort, over 60 families received emergency supplies. The team set up distribution stations and conducted demonstrations to ensure villagers understood how to effectively utilise the kits in crisis situations. The local village chief expressed gratitude for GX's support, emphasising the critical role these supplies play in enhancing community resilience.

131 Guangxi Medical Staff Receive Commemorative Medals as Southeast Asia Project Exceeds 10,000 Surgeries

In May, Chairman CY LEUNG and CEO Prof. Emily CHAN attended the “Commemorative Medal Award Ceremony” in Guangxi, and announced the completion of 20,000 free cataract surgeries in five countries under the Southeast Asia “Cataract Blindness Elimination Programme”.

Since 2022, the Health Commission of Guangxi Zhuang Autonomous Region has dispatched 10 medical teams each to Laos and Cambodia, performing over 10,600 free cataract surgeries – accounting for more than half of the global programme's total.

During the ceremony, Chairman LEUNG presented Commemorative Medals to 131 medical personnel who participated in these humanitarian missions.

The event was also attended by LIAO Pin-hu, Vice Governor of the People's Government of Guangxi Zhuang Autonomous Region; WANG Nai-xue, Vice Chairman of the Chinese People's Political Consultative Conference (CPPCC) of the Guangxi Zhuang Autonomous Region;

17th Board Meeting Convened in Beijing

The 17th Board Meeting was held on the morning of 11 March at the Beijing office of King & Wood Mallesons, who is one of GX's board directors. During the session, CEO Prof. Emily CHAN presented GX's recent project achievements and future development strategies to board members. Prof. CHAN expressed sincere gratitude for the board's ongoing support and valuable inputs, which have significantly contributed to GX's operational effectiveness.

第17次理事會會議北京舉行

第17次理事會會議在3月11日上午於理事單位北京金杜律師事務所舉行。期間，總幹事陳英凝向理事會成員報告基金會近來的項目成果，以及未來的發展方向；並十分感謝各理事們一直的支持。

在两天的派發物資包先導行動中，超過60個家庭收到救援物資。他們協助設置攤位，向村民詳細展示如何有效使用物資，並在緊急情況下維持生計。當地村長感激基金會的援助，又強調物資包在社區能發揮重要作用。

Training Conference Explores Additional Support Solutions for Local Communities

In early April, GX organised a training conference in Port Vila, the capital, in collaboration with the Vanuatu Ministry of Health's Vector-Borne Disease Unit.

Over 60 Medical Team Members and GX Staff Receive Emergency Response Training in Beijing

GX and the Red Cross Society of China jointly conducted the 4th Pre-Departure and First Aid Training Course in Beijing, preparing 48 medical team members from four mainland provinces and autonomous regions: Guangxi Zhuang Autonomous Region (assisting Laos and Cambodia); Shanxi Province (assisting Djibouti); Heilongjiang Province (assisting Mauritania); and Fujian Province (assisting Senegal).

The three-day training programme commenced on 10 March. In addition to medical personnel, GX sent 11 Hong Kong-based staff members and, for the first time, two Youth Ambassadors from Peking University and Macau University of Science and Technology. All trainees successfully completed theoretical courses on

Signing MOU with China Chamber of Commerce for Import & Export of Medicines & Health Products

In a strategic move to strengthen collaboration with this Board Member organisation, CEO Prof. Emily CHAN and ZHOU Hui, President of the China Chamber of Commerce for Import & Export of Medicines & Health Products, signed a MOU in Beijing on 11 March.

This partnership leverages complementary resources to enhance China's international contribution to public health, aligning with national diplomatic objectives through humanitarian health initiatives.

與中國醫藥保健品進出口商會簽署合作備忘錄
為深化與理事單位—中國醫藥保健品進出口商會（醫保商會）的合作，總幹事陳英凝教授與醫保

Discussions generated strong interest in the effectiveness of mosquito lamps, while also exploring sustainable solutions such as solar-powered applications to expand support for local communities.

舉辦培訓會議 探索更多支援當地方案

4月初，基金會團隊在首都維拉港與當地衛生部的病媒傳播疾病單位，舉辦了一場培訓會議。

會議集合了來自當地五個省份的15名官員參加，還邀請了來自世界衛生組織和聯合國開發計劃署的顧問，讓我們有機會介紹共享基金會的工作，展示所捐贈的物資包，病媒控制設備的相關應用和維護。

會議對滅蚊燈的成效方面反應熱烈，也討論了可持續解決方案，包括太陽能發電的應用，以便探索更多能支援當地的方案。

emergency care, cardiopulmonary resuscitation, and trauma care, followed by practical assessments, earning internationally certified first aid qualifications.

The opening ceremony on 11 March was attended by Chairman CY LEUNG, CEO Prof. Emily CHAN, and Red Cross Society of China Vice President SUN Shuo-peng.

逾60名醫療隊及基金會成員到北京接受急救培訓

基金會與中國紅十字會在北京舉行第4期行前及急救培訓課程，為48名來自內地四省或自治區，包括廣西壯族自治區（援老撾及柬埔寨）、山西省（援吉布提）、黑龍江省（援毛里塔尼亞）及福建省（援塞內加爾）的援外醫療隊成員做好行前準備。

培訓課程由3月10日開始，為期三日。除醫療隊外，基金會也派出11名香港同事參加，並首次有兩名分別來自北京大學及澳門科技大學的基金會青年大使加入。所有受訓學員均完成救護概論、心肺復甦、創傷救護等理論課程，並透過心肺復甦及創傷救護實操及考核，獲得國際認證的急救資格。

此外，主席梁振英、總幹事陳英凝教授、中國紅十字會副會長孫碩鵬等均有參與3月11日舉辦的開幕禮。

商會會長周惠，於3月11日在北京簽署合作備忘錄。

雙方將充分發揮資源互補的優勢，全力提升中國在公共衛生領域的國際影響力，為服務國家外交大局貢獻力量。

Over 20,000 Free Cataract Surgeries Completed Across Five Countries as Laos and Senegal Conclude Projects

在全球五國完成超過2萬例免費白內障手術 老撾塞內加爾完成項目

Since its launch in September 2022, the “Cataract Blindness Elimination Programme” has progressively completed its first phase in various project sites across different countries and is now expanding to cover other sites.

In addition to Prey Veng province in Cambodia and Nouakchott in Mauritania, the programme also concluded its operations in Laos and the Fatick region of Senegal during the first half of this year.

Notably, Laos became the first country to have its backlog of cataract blindness eliminated, with approximately 5,800 free cataract surgeries performed by 10 cohorts of medical teams. On 9 May, a celebration ceremony was held in its capital, Vientiane, attended by GX Chairman LEUNG Chun-ying, Lao Deputy Prime Minister Kikeo KHAYKHAMPHITHOUNE, Chinese Ambassador to Laos FANG Hong, and CEO Prof. CHAN Ying-yang, Emily. Following the event, GX is in discussions with the Lao government regarding future collaborations in healthcare and public health initiatives.

Furthermore, on 5 May, GX organised the “Fatick Cataract Project Closing Ceremony and Ndioum Cataract Project Signing Ceremony” in Dakar, Senegal, marking the successful elimination of the cataract backlog in Fatick. Witnessed by Chairman LEUNG and Chargé d'Affaires of the Chinese Embassy in Senegal Li Yan, CEO Prof. CHAN and Senegalese Minister of Health and Social

Action Dr. Ibrahima SY signed a new MOU to relocate the “Cataract Blindness Elimination Programme” to Ndioum.

「消除白內障致盲項目」自2022年9月開展以來，已先後在不同國家的項目點陸續完成首階段工作，並開始進行擴展搬遷。

除柬埔寨波羅勉省及毛里塔尼亞努瓦克肖特外，老撾及塞內加爾法蒂克地區也在今年上半年完成項目。

其中，老撾的10期項目共完成約5,800例免費白內障手術，是首個完成消除白內障致盲積壓病例

目標的國家。5月9日，主席梁振英、老撾副總理吉僑、中國駐老撾大使方虹及總幹事陳英凝教授均參與於首都萬象舉行的慶典儀式，其後基金會亦與老撾政府探討未來在當地的醫療及公共衛生合作項目。

基金會亦於5月5日在塞內加爾首都達卡舉行「法蒂克白內障項目閉幕儀式及恩迪奧姆白內障項目簽約儀式」，以慶祝成功消除法蒂克地區的積壓病例。在主席梁振英、中國駐塞內加爾公使銜參贊李聰的共同見證下，總幹事陳英凝教授及塞內加爾衛生和社會行動部部長Dr. Ibrahima SY簽署了新的合作備忘錄，將會把「消除白內障致盲項目」遷移到恩迪奧姆。

Dengue Prevention Project in Timor-Leste Achieves Remarkable Success with Results Published in The Lancet
登革熱防控項目成效顯著 東帝汶成果登《刺針》

The first GX “Project for Health Protection against Dengue Fever” was launched in Timor-Leste (January 2024) and Honduras (June 2024), achieving significant results that are highly recognised by both nations.

Notably, the pilot project in Timor-Leste was published in the prestigious medical journal *The Lancet* in March 2024. The article, co-authored by CEO Prof. Emily

CHAN, Director (Africa and Youth) Caroline DUBOIS, Project Officer CHAN Cheuk-yu, Andrea, and Chairman CY LEUNG, revealed that while neighbouring countries saw a 2–3-fold increase in dengue cases, Timor-Leste's overall infection rate dropped by 10% during the same period – a striking contrast.

Additionally, the Honduras project gained recognition from the Honduran Ministry of Health, which jointly issued a statement with GX in March 2025. The report highlighted that after the project's launch, there was an 82% reduction in dengue cases in Q4 compared to Q3. Moreover, case numbers returned to pre-emergency levels within 8 weeks after the peak.

首個「登革熱防控項目」在2024年1月及6月分別在東帝汶及洪都拉斯開展，項目至今成效顯著，獲兩國人民高度讚賞。

其中，東帝汶的先導項目成果在今年3月於權威醫學雜誌《刺針》刊登，文章由總幹事陳英凝教授、非洲及青年總監杜沛欣、項目專員陳卓瑜，以及主席梁振英撰寫，公布東帝汶在鄰國病例上升2至3倍的情況下，整體感染率較同期下降10%，形成強烈對比。

此外，洪都拉斯項目獲得當地衛生部認同，並於今年3月與基金會共同發布項目成果聯合公告，說明自項目開展後，第四季度的登革熱病例與第三季度相比減少了82%；並在疫情高峰後8週內將病例數目恢復至緊急狀態前的水平等。

Dengue Prevention Efforts Continue Along China-Laos Railway
On 10 May, GX renewed its MOU with the Laos-China Railway Company for the "Project for Health Protection against Dengue Fever", aiming to sustain disease mitigation efforts and further reduce dengue outbreak risks.

Since its launch last May, the project has installed 1,000 mosquito lamps across 24 stations on the Laos and Yunnan sections of the China-Laos railway. This initiative is one of the few large-scale disease prevention projects implemented on a cross-border

railway globally, and is highly recognised by passengers and railway staff.

中老鐵路持續進行登革熱防控工作
基金會於5月10日與老中鐵路有限公司續簽「登革熱及蟲媒疾病防治項目」合作備忘錄，期望延續防控工作，進一步降低登革熱疫情爆發風險。

自去年5月開展項目後，中老鐵路老撾段及雲南段24個車站共安裝了1,000台滅蚊燈，成為全球少數在跨境鐵路推行的大型防疫項目，成果獲乘客與車站員工高度評價。

**與毛塔衛生部續簽合作備忘錄
項目將拓展至基法**

總幹事陳英凝教授與毛里塔尼亞衛生部部長韋迪赫於4月28日透過線上續簽合作備忘錄，雙方將把「消除白內障致盲項目」擴展到南部基法市的新項目點基法阿薩巴地區醫院 (L' hôpital régional de Kiffa Assaba)。項目預期於2025年6月啟動，並持續至2026年年底。

今年2月，基金會亦與黑龍江省衛健委續簽了合作備忘錄，雙方將維持合作，派遣醫療隊前往當地協助實施免費白內障手術。

Mauritania
毛里塔尼亞

MOU Renewed with Mauritanian Ministry of Health to Expand Programme to Kiffa
On 28 April, CEO Prof. Emily CHAN and Mauritanian Minister of Health Moktar OULD DAHI virtually signed and renewed the MOU, agreeing to extend the "Cataract Blindness Elimination Programme" to a new site at Kiffa Assaba Regional Hospital (L'hôpital régional de Kiffa Assaba) in southern Kiffa. The expansion is scheduled to launch in June 2025 and continue through late 2026.

This follows GX's February renewal of its MOU with the Health Commission of Heilongjiang Province, maintaining their partnership to dispatch medical teams for free cataract surgeries in Mauritania.

Senegal
塞內加爾

Fatick Project Concludes and Relocates to Ndium

Since October 2023, GX has collaborated with the Fujian Provincial Health Commission to dispatch 7 cohorts of medical teams to Fatick, providing free cataract surgeries for local residents. By the end of May this year, over 6,000 patients had received screenings, with more than 4,000 cataract surgeries successfully completed – achieving a 100% success rate that has earned high praise from the local community.

Chairman CY LEUNG personally led a delegation to inspect the future project site in Ndium City, located approximately 9 hours by road from the capital. During the visit, he met with local officials including the regional hospital director and surveyed the local environment and hospital facilities to make necessary preparatory arrangements.

GX will become the first Chinese charitable organisation to establish operations in Ndium City.

法蒂克項目完結 將遷往恩迪奧姆市

自2023年10月以來，基金會與福建省衛健委共派出7批醫療隊，前往法蒂克為當地居民提供免費白內障手術。至今年5月底，已經為超過6,000名患者進行眼睛篩查，合計完成超過4,000例白內障手術，成功率為100%，獲得了當地民眾的高度評價。

梁振英主席親自率領團隊，前往距離首都約9小時車程的未來項目點恩迪奧姆市考察，與當地官員、地區醫院院長等會晤和交流，並視察了當地的環境及醫院情況，做好前期準備。

共享基金會將成為首個在恩迪奧姆市的中國慈善組織。

Djibouti
吉布提

Completion of 5th Cohort

As of 28 May, the 5th Shanxi Medical Team has completed a total of 1,035 screenings and performed 601 cataract surgeries.

The next cohort will return to Djibouti City, the nation's capital, with medical supplies. The mobile centres are already back in the city. The team will continue working

towards eliminating the backlog cases, restoring vision to more patients.

完成第5期項目

第5期山西醫療隊至5月28日共完成1,035例篩查及601例手術。

新一期將重返首都吉布提市展開項目，物資與手術車亦已陸續運回首都，繼續以消除當地積壓病例為目標，為更多患者帶來光明。

Timor-Leste
東帝汶

Project Success Announced with Full Installation of Potable Water Purification Machines

On 30 April, Chairman CY LEUNG and CEO Prof. Emily CHAN, accompanied by Chinese Ambassador to Timor-Leste WANG Wen-li, met with Timor-Leste President José RAMOS-HORTA to share the outcomes of local initiatives.

They subsequently attended the "GX Foundation Timor-Leste Project Results Announcement and Water Purification Machine Handover Ceremony", marking the completed installation of 100 water purification machines nationwide. These units are projected to supply over 400,000 gallons of direct potable water annually, saving USD 800,000 and 3 million plastic bottles each year.

項目成果發布 直接飲用水機正式啟用

主席梁振英、總幹事陳英凝教授於4月30日在中國駐東帝汶大使王文麗的陪同下，與東帝汶總統奧爾塔會面並分享當地的登革熱防控工作。

隨後，他們出席「共享基金會東帝汶項目成果發布暨直飲水機交接儀式」，宣布在全國安裝的100台「直接飲用水機」正式啟用，預計每年可提供超過40萬加侖水、節省80萬美元及300萬個膠水瓶。

31 Medical Students Complete Field Practice in Youth Development Programme

Following the launch of the "Youth Development Programme" in collaboration with the University of Catholic Timor-Leste last year, the first cohort of 31 medical students completed preparatory training in February and April. They subsequently conducted field internships across Timor-Leste, engaging with healthcare professionals and beneficiaries to gain hands-on understanding of dengue prevention and water safety initiatives.

At the "Youth Development Programme Inauguration Ceremony" on 30 April, Chairman CY LEUNG emphasised in his address that sustainable health security requires more than infrastructure and research – it demands the integration of technological solutions with talent development. He encouraged students to continue honing their expertise to further strengthen international exchange and cooperation.

青年發展項目的31名醫護學生參與實地實踐
自去年起與東帝汶天主教大學合作開展「青年發展項目」後，首批31名醫護學生已於今年2月及4月完成前期培訓，並在東帝汶各地進行實地實習，與醫護人員及受惠者交流，深入了解登革熱防控與改善飲用水安全等項目的實施情況。

梁主席在4月30日的「青年發展項目啟動儀式」時致辭，指單靠設施和科研並不足以建立長遠的健康保障，項目的價值在於把技術成果與人才培育緊密結合。他又鼓勵同學們繼續努力發揮所長，進一步加深兩地之間的交流與合作。

Cambodia
柬埔寨

11th Guangxi Medical Team Departs for Cambodia to "Deliver Light"

On 20 May, the 11th Guangxi Medical Team departed from Yulin City, Guangxi, arriving in Kampong Speu Province, Cambodia to continue its humanitarian mission.

The team is led by Team Leader LU Rong. Members include doctors LI Na, CHEN Zhou, and LIU Xiao-dan, along with nurses LIU Jun, CHEN Ou, ZENG Yu, and ZHONG Mei.

第11期廣西醫療隊續赴柬埔寨為病人帶來光明
第11期廣西醫療隊在5月20日，從廣西玉林市啟程，抵達柬埔寨磅士卑省進行項目。

本期醫療隊由陸榮擔任隊長，成員包括醫生李娜、陳洲、劉曉丹和護士劉俊、陳鵬、曾玉和鍾梅。

Honduras
洪都拉斯

Honduran Ambassador to China Visits Hong Kong to Study Local Healthcare System

In early June, Dr. Salvador MONCADA, the Honduran Ambassador to China, conducted a week-long visit to the Hong Kong healthcare system and surveyed the latest developments in Traditional Chinese Medicine policies.

Accompanied by Chairman CY LEUNG and CEO Prof. Emily CHAN, the delegation met with Prof. LO Chung-mau, Secretary of Health, Dr. KO Pat-sing, Chief Executive of the Hospital Authority, and Prof. BIAN Zhao-xiang, Chief Executive of the Chinese Medicine Hospital.

The itinerary included a visit to Queen Mary Hospital to observe the operational model of Hong Kong's public healthcare services. This visit further strengthened medical cooperation between China and Honduras.

洪都拉斯駐華大使訪港 考察本地醫療系統

洪都拉斯駐華大使薩爾瓦多·蒙卡達6月初訪港一週，對本地的醫療體系及中醫學最新發展和政策進行考察。

在主席梁振英及總幹事陳英凝教授陪同，他們與醫務衛生局局長盧龍茂教授、醫管局行政總裁

高拔陸醫生、中醫醫院醫院行政總監卡兆祥教授會面，並參觀瑪麗醫院，以了解香港公立醫療服務的運作模式。此次訪問令中洪兩國在醫療領域的合作得到進一步鞏固。

Celebrating Two Years of China-Honduras Diplomatic Relations and Exploring the Implementation of the "Direct Potable Water Project" in Honduras

On the occasion of the second anniversary of the establishment of China-Honduras diplomatic relations, Chairman CY LEUNG and CEO Prof. Emily CHAN led a delegation to Honduras. They jointly attended the anniversary reception on 26 March with Honduran Vice President Renato FLORENTINO, Foreign Minister Enrique REINA, and Chinese Ambassador to Honduras YU Bo.

GX is exploring the feasibility of implementing its "Direct Potable Water Project" in Honduras, aiming to provide safe drinking water through advanced Chinese water purification technology.

During the visit, Chairman LEUNG also attended the "China-Honduras Diplomatic Relations Second Anniversary Football Friendly Match". He expressed hope that beyond economic, cultural, and medical cooperation, sports could represent another avenue for "people-to-people connectivity" between the two nations and inject new vitality into the bilateral friendship.

慶祝中洪建交兩周年

將研究在當地推行「直接飲用水項目」

中洪建交兩周年之際，主席梁振英及總幹事陳英凝教授率團前往當地，與洪都拉斯副總統古鐵雷斯、外長雷納、中國駐洪都拉斯大使于波共同出席於3月26日舉行的中洪建交兩周年招待會。

基金會正研究在當地推行「直接飲用水項目」的可行性，希望能以中國高科技的淨水技術和設備，為當地人民提供健康安全的飲用水。

此次行程中，梁主席還出席了「中洪建交兩周年足球友誼賽」，他期望兩國除了在經貿、文化、醫療等領域外，也可以從運動體現出中洪兩國的「民心相通」，為友誼注入新動力。

Chairman and CEO Give Educational Talk on Strengthening International Engagement and Cooperation at St. Paul's Convent School

Following the National People's Congress and Chinese People's Political Consultative Conference sessions, where the Government Work Report for the first time proposed that "Hong Kong should deepen international engagement and cooperation", Chairman CY LEUNG and CEO Prof. Emily CHAN gave the St. Paul's Convent School a "Belt and Road Medical Humanitarian Aid Educational Talk".

They introduced GX's mission and initiatives to students and staff, while also discussing the Government Work Report's emphasis on Hong Kong's role in strengthening international ties. They highlighted how non-governmental organisations can actively contribute across cultural, educational, and charitable fields under this vision.

GX Africa Senior Project Officer and St. Paul's alumna Raveet SARAN shared her fieldwork experiences in African project countries, offering students first-hand insights into GX's humanitarian efforts.

聖保祿學校舉行教育講座 主席與總幹事談深化國際交往合作

全國兩會《政府工作報告》首次提出「香港要深化國際交往合作」，主席梁振英在出席兩會回港後，與總幹事陳英凝教授到聖保祿學校進行「一帶一路醫療人道援助教育講座」。

除了向師生介紹共享基金會的使命與工作外，他們亦分享了在全國兩會《政府工作報告》中所提出：香港在深化國際交往合作的背景下，民間組織應如何在文化、教育和慈善等領域發揮積極作用。

基金會非洲高級項目專員、聖保祿學校畢業生沙雅晴亦分享自己在非洲項目國家的工作經歷，加深了師生對基金會人道援助工作的認識。

St. Paul's Convent School's GX Club Hosts Humanitarian Awareness Activities at Family Fun Day
The GX Club of St. Paul's Convent School organised an interactive exhibition during the school's Family Fun Day, engaging students and parents in educational activities that promoted GX's humanitarian principles.

A highlight of the event featured five eye models simulating cataract surgery, where participants used tissue scissors to experience simplified surgical procedures, gaining hands-on understanding of GX's flagship "Cataract Blindness Elimination Programme".

Additional booths included a "Belt and Road Countries" memory card game and a "marble pick-up challenge", combining entertainment with awareness-building to help the younger generation appreciate humanitarian work through playful engagement.

GX Club在聖保祿學校家庭同樂日舉辦活動
聖保祿學校的共享人道主義學會 (GX Club) 在該校的家庭同樂日，舉辦了一系列遊戲與展覽，向學生及家長推廣共享基金會的人道理念。

學會特別準備了五個眼球模型來模擬白內障手術，並讓參與者使用組織剪刀體驗「手術」情形。

活動還設有「一帶一路」國家記憶卡遊戲及夾波子等攤位，寓教育於娛樂，讓年輕一代在輕鬆氛圍中了解人道工作的意義。

Youth Ambassadors Lead Charity Craft Initiative at Diocesan Girls' School

In May, two GX Youth Ambassadors from Diocesan Girls' School organised a four-day "Water Droplet Crochet Workshop" on campus. They personally taught 20 fellow students to crochet water droplet mascots for GX's "Direct Potable Water Project".

The handmade water droplet mascots will be featured at an upcoming charity sale, with all proceeds directed to GX's most critical humanitarian work.

青年大使於拔萃女書院親授編織 舉辦慈善活動

兩位來自拔萃女書院的共享基金會青年大使於5月份，在學校舉辦了為期四天的「編織水滴匙扣」活動，親自教授校內20位同學用針線編織出她們為基金會設計的「直接飲用水項目」吉祥物。

是次活動中收集的作品將於稍後的籌款活動中展出並作慈善義賣之用，所得款項將用於最急需援助的項目當中。

Story Sharing • 心聲共享

Roland CHEUNG

Chinese University of Hong Kong 3rd Year Med Student

This Vanuatu trip made me deeply aware of the vast disparity in living conditions and life between Vanuatu and Hong Kong.

Seeing children walking barefooted or in flip-flops under 30°C heat without even fans made me cherish what we have in Hong Kong.

I realised true humanitarian healing requires abandoning a “charity” mindset. Only by seeing them as equals can we genuinely understand their needs.

張瑋峰 - 香港中文大學三年級醫學生

瓦努阿圖之行讓我深刻體會到當地生活條件與香港的巨大差距。

看到當地兒童在超過30°C的高溫下，只穿著拖鞋或赤腳行走，連風扇也沒有，讓我更珍惜香港的生活。

我覺得只有拋棄「施捨」的心態，以平等眼光看待，才能真正體察他們的需要，做出療愈人心的人道救援。

Henry CHUNG

Chinese University of Hong Kong 4th Year Med Student

I was honoured to participate in GX's Disaster Preparedness Kit distribution in Vanuatu as a Youth Ambassador.

We helped deliver supplies to local households and had a fruitful time with the villagers and kids. We established friendships that transcended national borders and cultural boundaries.

I was deeply impressed by the remarkable resilience of the local people. Despite having to face frequent natural disasters, they maintain an inspiring philosophy of “finding joy in every second” – a powerful lesson in optimism that humbled me.

鍾冠亨 - 香港中文大學四年級醫學生

有幸以基金會青年大使的身份，前往瓦努阿圖派發天災備用物資包。

我們向當地村民派發物資，空閒時和當地人進行文化交流，建立了跨國度的友誼。

最讓人印象深刻的是，當地人面對如此頻繁的天災，卻依舊保持著「每秒鐘都要快樂」的樂觀心態。

Ben TAM

Macau University of Science and Technology 5th Year Med Student

On the day we distributed Disaster Preparedness Kits in Vanuatu, I spoke with a local mother about her family's emergency plans. Her gratitude extended beyond the physical supplies – she valued the practical knowledge and genuine care we shared. What truly moved her was realising that youth from China would concern themselves with disaster resilience in Pacific Island nations.

I now understand that humanitarian aid is a form of cultural exchange – one that reflects the responsibility and compassion of Chinese youth. These authentic interactions taught me that “people-to-people connectivity” means empathy in action.

談彥賓 - 澳門科技大學五年級醫學生

在瓦努阿圖派發天災備用物資包的那天，我和當地一位母親聊起她家的防災準備。她感謝我們帶來的不只是物資，還有實用的知識和關心。她驚訝發現遠在中國的青年也會關注太平洋島國的防災問題。

那一刻我深深體會到，人道援助本身就是一種文化交流——我們不只是代表香港共享基金會，更是在讓世界看見中國青年的責任感與溫度。透過與當地家庭的真誠互動，我明白到「民心相通」不在語言，而在於共情與行動。

Haylie LI

Shanghai Fudan University 2nd Year Masters International Relations Student

From preparing Disaster Preparedness Kits to setting foot in Vanuatu, our long journey brought inevitable exhaustion. But the moment we personally delivered these vital supplies to Saama village, all exhaustion transformed into fulfillment.

These kits represented more than emergency equipment; they carried the sincere care of friends from afar. While villagers learned to use the supplies, I sat with their children. What began as simple childcare became something far more meaningful when the kids picked up crayons to draw pictures of us, proudly calling us their “best friends”. Though simple in technique, these drawings captured something powerful – the first sprouts of “people-to-people connectivity”.

李楚彤 - 上海復旦大學國際關係二年級碩士生
從準備天災備用物資包到踏上瓦努阿圖的土地，我們經歷了長途跋涉的疲憊，但當我們親手將物資包送到Saama村莊時，所有的辛苦都化為感動。

這些物資不僅是應急工具，更承載著遠方朋友的關切。當村民們專注學習使用備用物資時，我負責照顧他們的孩子，本以為只是短暫的陪伴，卻收獲了他們最純真的回應——他們以畫筆繪畫了我們，稱為「最好的朋友」。這些畫作沒有複雜的技巧，卻使「民心相通」在這微小的互動中萌芽。

Joining Forces with The Institute of Philanthropy to Support Early Dengue Intervention

GX sincerely thanks The Institute of Philanthropy for its generous support, which has enabled us to provide rapid dengue test kits to strengthen dengue prevention and control in project countries. These kits facilitate early diagnosis of suspected cases and prompt measures for confirmed infections. Early detection effectively prevents delayed treatment and disease progression, thereby reducing severe cases, alleviating caregiver burdens, and improving household economic conditions.

Rapid dengue test kits have long been known for their speed and accuracy, playing a pivotal role in curbing outbreaks. However, resource-limited countries often lack adequate access to these kits. Meanwhile,

climate change and population mobility are exacerbating global dengue risks, making test kits even more urgently needed.

Established in September 2023 with funding from The Hong Kong Jockey Club Charities Trust, The Institute of Philanthropy's support has significantly bolstered GX's dengue control efforts. This 2-year donation scheme started in November, 2024. We extend our deepest gratitude and look forward to continued collaboration to achieve greater impact in global medical humanitarian work.

感謝公益慈善研究院支持 促進登革熱的早期介入

基金會誠摯感謝公益慈善研究院的慷慨捐助，讓我們能夠為不同項目國提供登革熱快速檢測包，加強各地登革熱防控，對疑似病例進行早期診斷，並針對確診病例迅速採取相應措施。

早期檢測有效避免因延誤治療而導致病情惡化的情況，從而減少重症患者的數量，減輕照顧者的壓力，並改善其家庭經濟狀況。

登革熱快速檢測包已推出多時，其快速和有效性已獲驗證，對遏制登革熱蔓延有舉足輕重的作用。不幸的是，資源有限的國家往往未能得到供應，並普及地使用。與此同時，因氣候變遷加劇和人口流動，全球登革熱的風險持續攀升，令這些國家對快速檢測包的需求更加迫切。

公益慈善研究院是香港賽馬會及其慈善信託基金於2023年9月撥款成立，其慷慨支持為共享基金會的登革熱防控項目注入了強大助力。是次捐助計劃始於去年11月，預計為期2年。基金會再次表示誠摯的感謝，並期待未來繼續攜手合作，在全球醫療人道工作上創造更多成果。

Online Donation Platform

GX Foundation has established donation pages for four projects on WeChat Pay's charity platform. These initiatives are “Global Cataract Blindness Elimination”, “Curbing the Spread of Dengue Fever”, “One Third of the World Faces Extreme Water Scarcity”, and “Helping Hong Kong Youth Go Global”. You are welcome to support GX's work through these channels.

電子捐款平台

共享基金會已在微信支付的慈善平台設立4個工作項目的捐款版面，標題分別是「全球消除白內障致盲」、「遏止登革熱疫情蔓延」、「全球三分之一人極度缺水」及「助香港青年走向國際」，歡迎支持者透過以上渠道繼續支持基金會的工作！期待你的支持！

Media Coverage • 媒體報道

In March 2025, Chairman CY LEUNG and CEO Prof. Emily CHAN led a delegation to Honduras to attend the “Second Anniversary Reception of China-Honduras Diplomatic Relations”. The same day featured the “Project for Health Protection against Dengue Fever” results announcement, where CEO Prof. CHAN and Honduran Deputy Minister of Health Brian ERAZO jointly affirmed the project’s achievements and issued a joint statement. Xinhua News Agency, CGTN, and multiple local media outlets covered the event.

2025年3月，主席梁振英及總幹事陳英凝教授率團前往洪都拉斯出席「中洪建交兩周年招待會」。同日亦舉行「登革熱防控項目」成果發佈會，總幹事陳教授與洪衛生部副部長Brian ERAZO於會上肯定項目的成效與貢獻，並發出聯合公告。期間，新華社、CGTN及多間當地媒體到場採訪。

In April 2025, GX held the Southeast Asia Project “Commemorative Medal Award Ceremony” in Guangxi, where the completion of over 20,000 free cataract surgeries worldwide was announced. Guangxi Television, Guangxi Daily, Ta Kung Pao, and Xinhua News Agency covered the event.

2025年4月，基金會在廣西舉行東南亞項目「醫療隊紀念章頒贈儀式」，同日宣布全球完成超過2萬例手術，廣西電視台、廣西日報、大公文匯、新華社等均到場採訪。

In April 2025, Chairman CY LEUNG and CEO Prof. Emily CHAN accompanied by Chinese Ambassador to Timor-Leste WANG Wen-li, met with Timor-Leste President José RAMOS-HORTA and shared the results of the “Project for Health Protection against Dengue Fever”. Local media outlets, including Tatoli, RTTL On Line Live Streaming, and SMNewsTimor, covered the event. They also witnessed the “GX Foundation Timor-Leste Project Results Announcement and Water Purification Machine Handover Ceremony” and the “Youth Development Programme Inauguration Ceremony”, gaining updates on the projects’ latest progress.

2025年4月，主席梁振英及總幹事陳英凝教授在中國駐東帝汶大使王文麗的陪同下，與東帝汶總統奧爾塔會面並分享「登革熱防控項目」有關成果。當地包括 Tatoli、RTTL On Line Live Streaming、SMNewsTimor等多間媒體到場採訪，並共同見證了「共享基金會東帝汶項目成果發布暨直飲水機交接儀式」以及「青年發展項目啟動儀式」，瞭解項目的最新進展。

In May 2025, GX held a celebration ceremony for the completion of the nationwide “Cataract Blindness Elimination Programme” (2019-2025) in Laos, with coverage by Xinhua News Agency’s Laos bureau.

2025年5月，基金會在老撾舉行「老撾完成消除白內障致盲項目（2019至2025年）慶典儀式」，駐老撾新華社到場採訪。

In May 2025, GX held the “Fatick Cataract Project Closing Ceremony and Ndioum Cataract Project Signing Ceremony” in Dakar, the capital of Senegal. Xinhua News Agency, CCTV, and media from the local Ministry of Health were present to cover the event, which received extensive coverage on local television stations.

2025年5月，基金會在塞內加爾首都達卡舉行「法蒂克白內障項目閉幕儀式及恩迪奧姆白內障項目簽約儀式」。新華社、CCTV以及當地衛生部媒體均有到場採訪，並在當地電視台廣泛報導。

In May 2025, CEO Prof. Emily CHAN gave interviews to multiple media outlets on deepening international exchanges and cooperation, including Now TV, Commercial Radio, TVB, South China Morning Post, Hong Kong Commercial Daily, and Speakout HK.

2025年5月，總幹事陳英凝教授就深化國際交往合作議題，接受多間媒體的訪問，包括NowTV、商台、TVB、南華早報、商報、港人講地等。

In June 2025, GX held a “Medical Team Commemorative Medal Ceremony” in Shanxi for the Djibouti project, with coverage by local Shanxi media.

2025年6月，基金會在山西舉行吉布提項目「醫療隊紀念章頒贈儀式」，山西媒體到場採訪。
